

## **“Amazing Grace”**

*Ephesians 2:1-10*

There are some common misperceptions about the Person of God and His grace. As we remember Jesus today in this Communion service, we should be reminded of what grace really is for clarity and encouragement. ☺

### **1. A Simple Definition**

### **2. An Expanded Definition**

### **3. Some Implications**

A. Grace is not...

B. Grace cannot...

C. We are saved by grace AND...

D. The believer *lives* \_\_\_\_\_ and \_\_\_\_\_ grace.

**Application:** As recipients of grace we should become "reflectors and dispensers" of grace. Be honest before the Lord, if there have been attempts on your part to change other people through condemnation or manipulation, confess this, come to Christ and learn from Him "a better way."
